

## About Us

We are a charitable organisation that exists to: ensure a strong third sector voice; develop the capacity of the sector to achieve change; be a central source of knowledge about the third sector; and provide leadership, vision and co-ordination.

The third sector exists to improve the lives of the people and communities of Dumfries and Galloway and includes voluntary and community organisations, charities, social enterprises, co-operatives, credit unions, and mutuals, and all the people who volunteer and work within.

Scottish Charitable Incorporated Organisation SC043832

# Third Sector Dumfries and Galloway

[www.tsdg.org.uk/](http://www.tsdg.org.uk/)

**Our vision is to improve the quality of life of the most vulnerable and disadvantaged individuals and communities in Dumfries and Galloway by working in partnership.**

## Free support

We provide bespoke support to individual third sector organisations and training on a broad range of subjects, including business development, governance, volunteering, and funding.

We also run monthly support roadshows and quarterly forums, which allow organisations and individuals to talk to a member of our support team on a one-to-one basis, and present the opportunity to network with other third sector groups, contribute to local and national consultations, and access support and information from national and local funders.

In addition, we focus on strengthening the third sector's role in social enterprise, health and social care, employability and digital exclusion across Dumfries and Galloway.

## Funding

Our Funding Officer can run a funding search specific to your organisation and requirements. We also have a weekly funding bulletin detailing new and ongoing funds.

## Volunteering

We advertise volunteering opportunities across the region and our Volunteering Officer is ready to help with support and advice to volunteers and organisations.
